The **Naples Jewish Film Festival** returns to celebrate it's **10th (Diamond) Anniversary** on Sunday, February 12, 2023. Powered by our Festival sponsors and business partners, we present the best and brightest cinematic moments from newly released Israeli and Jewish cinema.

After a prolific year for filmmaking, this year's Festival lineup introduces a varied and compelling array of films; affording us the opportunity to see **Jewish films** not readily available in theaters or streaming services. The high quality of the films and their Jewish themes create a sense of community, lifting the experience in a way that no other medium does.

In addition to the **FOUR** selected films, this year's festival includes the following highlights:

February 12th - PARTY! PARTY! PARTY! Opening Night Welcome Back Celebration at theTheater

February 26th - GUEST SPEAKER | Join Suzannah Warlick, Filmmaker/Director, of "Passage to Sweden"

March 19th - BONUS Short Film, "OMP" | Comedy: A young man is possessed by his Grandmother's dybbuk
